

Westpark Seniors

Autumn 2011

Years 9 to 11 : Saturday 2.30pm to 7pm

October

- 1st** Bring a bike: we're wheeling down to Gunnersbury Park for some **lightweight bike trials**. If you've got a camera, bring that too; we need some photos for the wall of the club.
- 8th** We're **walking part of the London LOOP** – the walkers' route which takes you around London in short sections. You'll need an Oystercard to get to and from the route and good shoes.
- 15th** In a few weeks the Juniors are building computer games. Before that, we have to **build the computers**. We have all the parts: your task is to put them together.
- 22nd** Once again it's the turn of the Seniors to plan and run the Junior activity. The term, we have to organise a **London Treasure Hunt**.
- 29th** Out for the day to **Virginia Water**. We'll take some bikes but not everyone need cycle. You'll need some money for transport.

November

- 5th** We'll join the Juniors in building a mini-bonfire and toasting marshmallows before going to one of the local **Fireworks Displays**.
- 12th** Over the next couple of weeks our in-house electronics expert will be helping you plan and build an **electronics project**.
- 19th** Second week of the **electronics project**. Depending on what we end up building, we may ask you for some money to cover the parts.
- 26th** Weather-permitting we'll be going **out for the day**. Details nearer the time.

December

- 3rd** Bring some popcorn and relax in front of "**Master & Commander**": probably the best seafaring film of the last three decades.
- 10th** Bring along a board-game. We'll try to play them all at the same time, swapping round every five minutes: the always-phrenetic **Board Games Challenge**.
- 17th** Finishing the Christmas term in the usual style as we join the Juniors and any younger brothers for the **Westpark Christmas Party**.

18th December: Carols & Punch for the whole Family
